

Custom Packaging

*Multiple shapes and sizes
from one source*

Huhtamaki

Your possibilities are endless.

There's no room for just another package. Huhtamaki delivers packaging that not only carries your product, but furthers your brand. Quality. Innovation. Value-added. Whatever shape, size or specialty packaging you require, Huhtamaki brings the world of creative packaging solutions to your product.

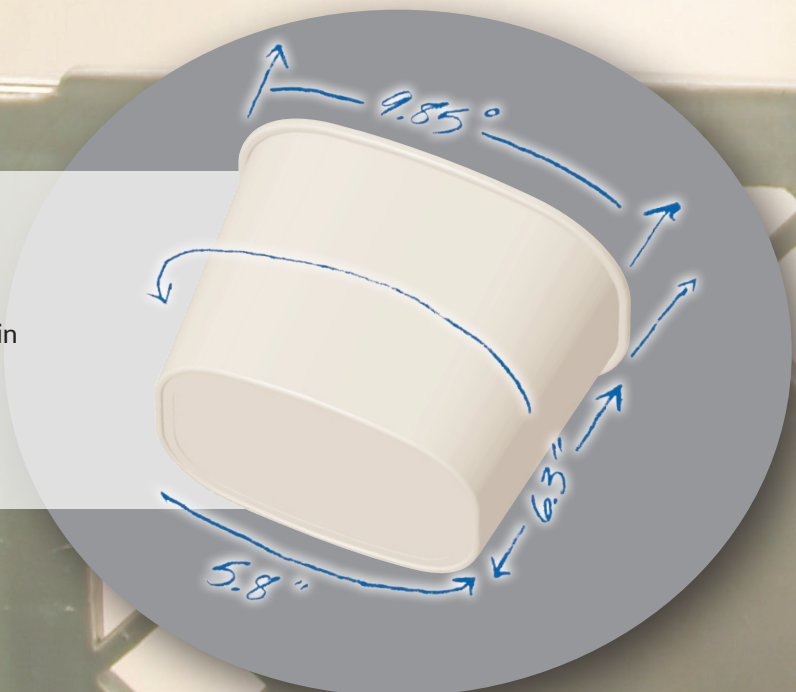

Take your pick.

Pick your shape... round, oval or custom. Pick your height... short, tall or in between. Pick your choice of covers, membranes and windows. From single serve to family sizes in all kinds of configurations, the smart pick for manufacturers around the world is Huhtamaki packaging.

Leaders in technology.

Our engineers are creating the future of packaging today in paperboard and rigid plastics. Utilizing cutting edge technologies, imagination and craftsmanship, it's a proven synergy you'll only find with Huhtamaki.

Take control. Save on transportation and warehouse costs.

By bringing the Huhtamaki Systems machinery into your plant, you can form containers on demand or for inventory, for increased savings. Sidewalls are printed then shipped flat – saving on transportation and warehousing costs alone. Assembly and filling take place in your location giving you complete control. Or you can use our preformed containers that are nested together and arrive at your door, ready to fill.

Systems, Service and Reputation.

With Huhtamaki, one contact gives you access to a world of resources, experience, technology and proven packaging solutions in all shapes and sizes. Our Systems approach includes printed components, sound machinery, unique packaging and quality service. From formers to containers to lids, Huhtamaki is the source for all your custom packaging needs.

And our service team installs the machines to get you started and keep you going. Preventative maintenance contracts, built-in electronic monitoring systems, self diagnostics and other fail-safe features keep your operations running smoothly.

You stand behind your products, and so do we.

Huhtamaki Systems formers are designed and built in the USA by equipment engineers who understand packaging. Small footprints. Minimum utility requirements. Simple operation. Optional maintenance plans. All designed to deliver maximum value.

FM-1400 Forming Machine

*Straight-walled with inner crimped dispensing end.
Variable speeds from 50-90 containers per minute.*

Length:	6ft. 5in. (1955mm)
Width:	5ft. 4in. (1625mm)
Height:	7ft. 0in. (2133mm) w/guards in operating position 9ft. 0in. (2743mm) w/guards in service position
Conveyor Height:	38.25in. - 39.25in. (972mm - 997mm)
Weight:	8,500lbs. (3856kg)
Electrical:	230 Volts A.C., 3-phase, 60Hz, 80amps (transformer supplied to meet international specs.)
Pneumatic:	80-90psi, 1000scfm measured at the machine
Containers:	Ultrakan®

FM-1600 Forming Machine

Variable speeds from 30 - 60 containers per minute.

Length:	6ft. 5in. (1955mm)
Width:	5ft 4in. (1625mm)
Height:	7ft. 0in. (2133mm) w/ guards in operating position; 9ft. 0in. (2743mm) w/ guards in service position
Conveyor Height:	37 - 39in. (940mm-991mm)
Weight:	8,300lbs. (3764kg)
Electrical:	240 Volts AC, 3-phase, 60 Hz, 50 amps (Optional transformer to meet international specs.)
Pneumatic:	100scfm @ 80 to 90 psig, measured at machine
Containers:	Vektor®

FM-1423P Velocity® Forming Machine

Variable speeds from 30-60 containers per minute.

Length:	6ft. 5in. (1955mm)
Width:	5ft. 4in. (1626mm)
Height:	7ft. 0in.(2133mm) w/guards in operating position; 9ft. 0in. (2743mm) w/ guards in service position.
Conveyor Height:	37 - 39in. (940mm-991mm)
Weight:	8,500lbs. (3856kg)
Electrical:	240 Volts AC, 3-phase, 60Hz, 60amps (Optional transformer to meet international specs.)
Pneumatic:	100scfm @ 80 to 90 psig, measured at machine
Containers:	Velocity®
