# Molded fiber clamshells

- Strong enough to withstand heavy food.
- Stackable for easy delivery and take-home portability.
- Insulates to maintain food temperature during dine-in or carry-out.
- Customizable embossing available to highlight your brand.

## Sustainable Features

- Made from a mix of bamboo and bagasse, a byproduct of the sugar cane harvesting process.
- Produced with natural fibers from annually renewable resources.
- BPI-certified compostable. Compostable in a commercial compost facility which may not exist in your community. Not suitable for backyard composting.
