

In-Plant Package Forming Has Never Had So Many Advantages.

Capable of handling a wide range of shapes and sizes, consumer package goods manufacturers now have an advanced system to bring new levels of efficiency and flexibility to their operation with the Huhtamaki FM 4000.

**Huhtamaki Systems™
FM 4000**

Gain Unmatched Flexibility

- Convert from round- to non-round easily
- Wide range of shapes and sizes

Achieve New Efficiency

- Easy to operate
- Small foot print
- Fast changeovers
- One source of accountability

Reduce Expenditures

- Lower transportation costs
- Less warehouse space needed
- Fewer pallets to handle
- Minimal investment
- Reduce secondary packaging

Take Control

- Shorten lead times for changeovers
- Form containers on demand
- Reduce inventory
- Field service available 24/7
- Working capital reduction

And Do It All Greener

- Fewer trucks on the road
- Less diesel fuel consumed
- Fewer greenhouse gases emitted
- Paperboard is a renewable resource

Huhtamaki FM 4000

Shape & Size Capabilities	Round- and Non-round 1 - 7° tapered
Bottom Finishing	Standard flat bottom
Top Finishing	Outside top roll, unfinished, or flared
Container Height	2" min - 7" max
Container Perimeter	9.5" min, 21" max
Machine Speed	Max 90 cpm
Production Labor	One operator/two machines
Component Feeding	Bottoms: pre-die cut Sidewalls: pre-die cut
Dimensions	Footprint: 7'x9' Height: 7' (9' with guards open) Weight: 15,000 lbs.
Power Requirements	480 VAC, 3-phase, 60Hz, 100A
Air Requirement	50 cfm @ 90 psig
